## **Sprinkler System Inspector – Inspections Department**

Oliver Fire Protection and Security is a successful, diversified, family-owned business serving the fire protection community since 1957. Oliver Fire Protection and Security has a well distinguished history of providing fire protection within the Philadelphia region. Our core values respect our employees' worth and contributions, emphasize teamwork and offer opportunities for personal and professional growth. Our Inspections Department is currently seeking a Sprinkler System Inspector.

### **Primary Objectives of Position:**

- Test and inspect sprinkler systems with existing and new customer base
- Types of systems include but not limited to: wet, dry, pre-action, fire pump and backflow devices
- Maintain proper documentation of work performed using tools provided
- Follow verbal and written instructions
- Carry/move equipment and tools weighing up to 70lbs
- Perform work in unusual and sometimes difficult positions such as; climbing ladders, scaffolding, and high lift equipment
- Must be able to work alternative shifts or weekends to meet customer needs
- Must perform all duties in a safe and professional manner and maintain a clean and safe work area

### **Education and Qualifications:**

- Installation or service experience in testing and inspecting sprinkler systems
- Self-starter that can work with little or no supervision
- Strong organizational skills, positive attitude, and the ability to learn quickly
- Capable of performing physical labor
- Excellent communication skills
- High School Diploma or Equivalent
- Valid Driver's License with good driving record
- Ability to work well with others
- NICET Certification preferred
- Computer skills: Microsoft (Excel, Word, Outlook) along with SmartPhone skills
