

## Restaurants & Commercial Kitchens

You've brought your dream to life; now safeguard it. We specialize in providing state-of-the-art fire safety and life security systems tailored to your establishment's needs.

### New construction and retrofit projects

Our large and experienced design team utilizes state-of-the-art design technology and provides certified PA, NJ and DE Professional Engineers

Oliver's skilled experts offer tailored design and installation services, ensuring minimal disruption to your customers and staff

Our dedicated inspection and service team not only ensures compliance with local regulations but also offers round-the-clock emergency service

Since 1957, Oliver Fire Protection & Security has proudly served as the top choice for restaurant and commercial kitchen fire and life safety solutions

### Inspections

*Whether you're baking, grilling, sauteing or frying, your commercial kitchen is going to be using heat and with it comes the increased need for fire suppression and detection. While you can never fully overcome the risks associated with commercial cooking, regular inspections from qualified professionals is the best way to mitigate those risks*
