Oliver's dedicated team of specialists will create a custom design and install with minimal disruption to your students and staff

Our unparalleled team of designers utilizes state-of-the-art monitoring and notification technology

Oliver provides the latest access control technology and surveillance camera systems to ensure the right people have access to the right places at the right time

Testimonial

"I primarily used Oliver for Sprinkler work, but they have expanded their offerings in recent years, and we have completed many other access control, security camera, and fire alarm installations and service contracts in many of our communities. Their pricing is reasonable, service is well coordinated, communication from the sales, operations, and services teams is excellent. Overall, we're very happy with Oliver as a vendor for all of our fire protection & security needs."
